largest publisher-neutral citation index and research intelligence platform

The screenshot illustrates the login process for Thomson Reuters - Web of Knowledge and EndNote Web. It is divided into three numbered steps:

- Step 1:** The 'Sign In' form on the left. It includes fields for 'Email address' and 'Password', a checkbox for 'Remember me on this computer', and a 'Sign In' button. A red circle with the number '1' is placed over the password field.
- Step 2:** The 'Institutional Sign In' section. It prompts the user to 'Sign in with your institution's group or regional affiliation'. A dropdown menu is open, showing a list of institutions. 'German Higher Education and Research (DFN-AAI)' is highlighted with a red box. A red circle with the number '2' is placed over the dropdown menu.
- Step 3:** The 'DFN-AAI' selection screen. It asks the user to 'Select your organisation'. A search box contains 'Technische Universität Berlin', and the search results list various institutions, with 'Technische Universität Berlin' highlighted. A red circle with the number '3' is placed over the search results.

Below the main screenshot, there is a separate window titled 'Login to Thomson Reuters - Web of Knowledge and EndNote Web'. It contains a 'TUB-Konto Login' form with fields for 'TUB username' and 'password', a checkbox for 'Clear prior granting of permission for release of your information to this service.', and a 'Login' button. Below the form, it lists recommended browsers: Firefox ESR/RC, Chrome, IE11. There are also links for 'Forgot your password?' and 'Need Help?'.
